WORK EXPERIENCE

PX MEDIA INC

SENIOR FULL STACK WEB DEVELOPER

Reno, NV
Sep 2019 - July 2022

Overview: Working as a Full Stack Developer, Worked on different PHP WordPress, custom and MVC frameworks including Shopify, Codeignitor, Laravel. While on front-end I have used React and vueJS as a JavaScript frameworks and CSS, CSS3, SASS and bootstrap for styling. I use to work remotely for this company. 4 to 5 developer was under me in my team and i was leading them as team lead.I worked as Senior full stack developer for helping them out, also i was managing the projects too as a project Manager.

Environment: React, VueJS, Javascript, JSON, HTML5, CSS3, WordPress, Laravel, Bootstrap, Shopify, PHP, AJAX Google Maps, Photoshop, Git, Agile, Webpack, RESTful API's, Jest/Enzyme.

INSPIRED MEDIA GROUP
BACKEND DEVELOPER (WORDPRESS FOCUSED)

Reno, NV
May 2016 - August 2019

Overview: Reviewed code, debugged problems and corrected issues. Discussed project progress with customers, collected feedback on different stages and directly addressed concerns. Consulted with engineering team members to determine system loads and develop improvement plans. Delivered performance-driven and user-centric websites that met all business requirements. Developed custom WordPress plugins using PHP, Javascript and CSS. Manage back-end services and interchange of data between server and user, including server-side logic and database integration. Coordinated weekly team meeting with all WordPress engineers. Maintain GIT repositories and Pantheon environments. Responsible for translating designs and concepts into highly usable and engaging web applications using a variety of technologies.

Environment: PHP, JavaScript/JQuery, AJAX, MySQL, JSON, HTML, CSS, Google Maps, Photoshop, Git, Scrum.

CLIMAX MEDIA
FRONTEND DEVELOPER

Toronto, ON
June 2013 - April 2016

Overview: I started my career working at Climax Media because I wanted to learn from an agency who has a track record going above and beyond. I was given an opportunity to work on some amazing well-known brands. As a Frontend developer at Climax, my roll was to creating landing pages in HTML, Bootstrap, CSS and JavaScript with animations. Also XD, Figma and PSD into HTML or Bootstrap conversions. In that company i got opportunity to learn PHP and work on Backend side.

Environment: PHP, HTML, Bootstrap, CSS, JavaScript, JQuery.
